PART A. GENERAL INFORMATION

1. IMPORT HEALTH STANDARD

1.1 Pursuant to section 22 of the Biosecurity Act 1993, this document is the import health standard for the importation into New Zealand of sheep and goat meat for human consumption from the European Community.

- 1.2 Obtaining biosecurity clearance for each consignment of sheep and goat meat for human consumption from the European Community is dependent on the consignment meeting the requirements of this import health standard.
- 1.3 This import health standard may be reviewed, amended or revoked if there are changes in New Zealand's import policy, or the animal health status of the originating country, or for any other lawful reason, at the discretion of the Director Animal Biosecurity.

2. IMPORTER'S RESPONSIBILITIES

- 2.1 The costs of MAF in performing functions relating to the importation of sheep and goat meat shall be recovered in accordance with the Biosecurity Act and any regulations made under that Act.
- 2.2 All costs involved with documentation, transport, storage and obtaining a biosecurity direction and/or biosecurity clearance shall be borne by the importer or agent.
- 2.3 Commercial consignments of products imported into New Zealand for human consumption in New Zealand must comply with the Food Act 1981. These requirements are independent of the import health standard requirements and are managed by the New Zealand Food Safety Authority (NZFSA). Importers are advised to contact the NZFSA or consult the NZFSA website: www.nzfsa.govt.nz/imported-food/index.htm
- 2.4 Once the consignment has been given biosecurity clearance into New Zealand, it is the importer's responsibility to ensure (where relevant) that the consignment complies with the Animal Products Act 1999, especially if it is returned New Zealand product, product entering operations also used for the export of animal products, or if it is to be re-exported. Information about these requirements can be obtained from the New Zealand Food Safety Authority (NZFSA) website: www.nzfsa.govt.nz/animalproducts/publications/omar/01-172.htm or by contacting the local NZFSA Verification Agency office. Certification and other official assurance requirements which may be applicable are accessible at: www.nzfsa.govt.nz/animalproducts/publications/manualsguides/oap/index.htm
